

Xerox Print Services: Your out-of-the-box MPS

Research indicates that Managed Print Services (MPS) help reduce print and copy costs by as much as 30%*, while improving the company's overall document production capabilities. The challenge for many small to medium enterprises (SMEs), however, is the investment involved—making it difficult to adopt the solution.

Introducing Xerox Print Services (XPS), a single comprehensive solution formulated especially for SMEs, allowing them to enjoy the benefits of MPS with support, investments, and resources suited perfectly to their operations.

A STREAMLINED APPROACH THAT WORKS

Our proven approach delivers accelerated deployment. From your initial meeting with an XPS Specialist to the design and implementation, the solution can all be accomplished in less than a month.

IMPROVED PRINT MANAGEMENT

By optimising your printer devices, you can better automate your operations and infrastructure. This eliminates time wasted on routine jobs, and allows your team to focus on growth and strategy.

ACTIONABLE REPORTS AND METRICS

Easily manage print activity with summary reports and metrics that help you identify bottlenecks and cost intensive processes, giving you better visibility of your business operations.

PROACTIVE MONITORING AND 24/7 SUPPORT

XPS keeps your business up to standard with centralised monitoring and SME benchmarking processes, along with end-user support, training, and communications.

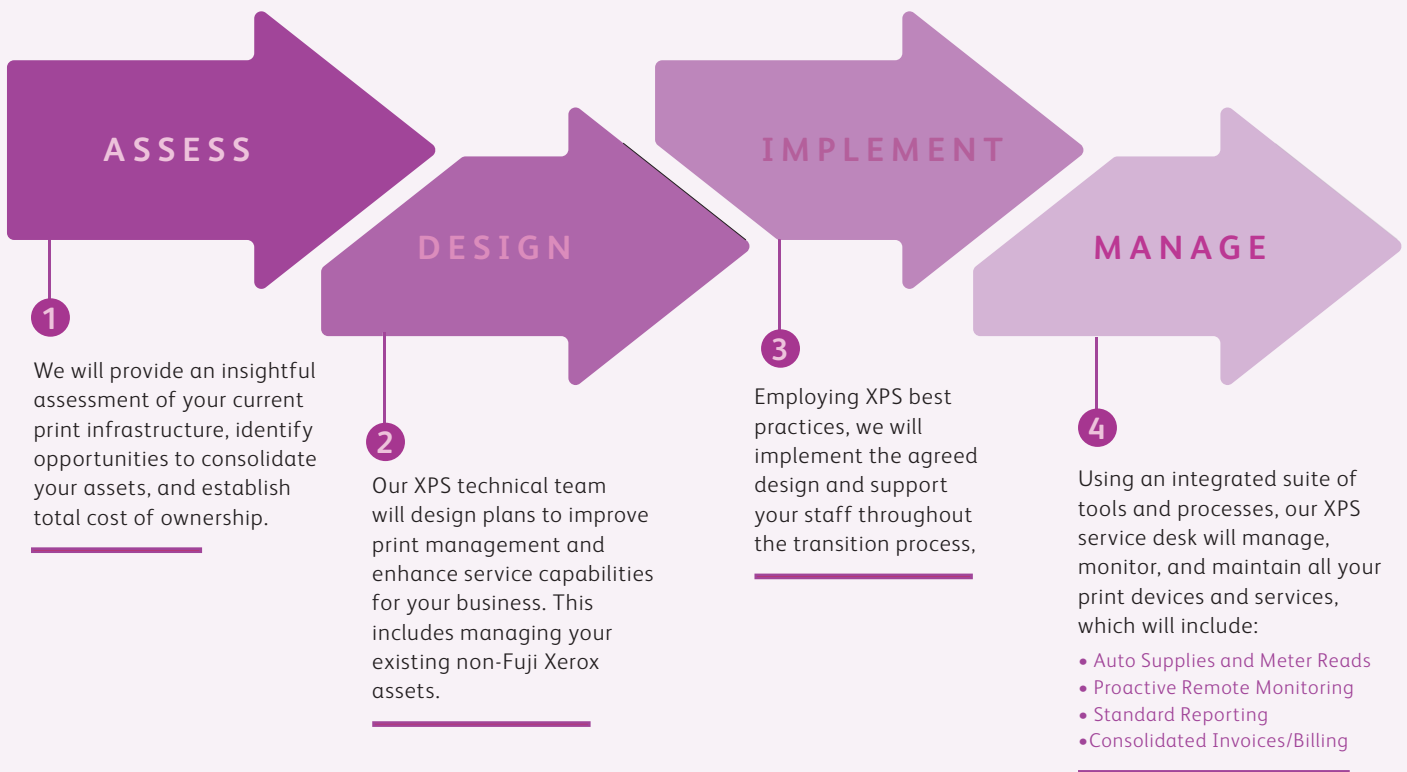

Whether you have multiple vendors or a single device provider, Xerox Print Services is designed to automatically manage all the costs and processes of your MFDs and printers for you.

* Gartner Research, 2017.

How Xerox Print Services Works with You

OUR PROVEN METHODOLOGY

Leveraging more than 20 years of delivering document and print-related services, we have come to understand your unique MPS needs and the best way to deliver these solutions. It begins with a meeting with your XPS account manager, a single point of contact throughout the process, who will guide you through all the steps from contract development to planning and deployment.

OUR STRENGTHS MAKE YOU STRONGER

- More than 2,500 Client Sites Serviced (sites with unique addresses) from SMEs to Multinational Companies
- Over 89,000 service operation professionals worldwide
- An ISO/IEC 27001:2013 achievement for establishing and applying Information Security Management System in document technologies, services, suppliers, and document-centric outsourcing
- Number 1 Market Leader in MPS Industry Reports by Gartner, IDC and Quocirca for the past 9 years
- More than 140,000 devices managed (including third-party devices)
- Now with 4 delivery centres, offering multilingual Information Technology Infrastructure Libraries (ITIL) and 24/7 support

A CONSISTENT LEVEL OF QUALITY

We bring our expertise in print technology and system integration to the table, ensuring that our services are delivered with the highest quality.

With Xerox Print Services, you can tap our fleet of trusted multifunction devices, opening up a wide range of capabilities and specifications ready to meet the changing needs of SMEs.
